Aitkenvale State School

Your
OSHC.

Dear Families,

Our Aitkenvale State School Camp Australia OSHC program has been buzzing with excitement and creativity! The children have been enjoying a wonderful range of activities designed to inspire, challenge, and entertain.

Our **Big Art Friday** sessions continue to be a favourite among the children. These sessions provide a fantastic opportunity for them to explore their imaginations through painting, sculpting, and crafting. It's always inspiring to see the variety of artworks and creative ideas they bring to life.

In our **cooking sessions**, students are looking forward to whipping up some delicious treats, including pancakes, truffles, and nachos. These hands-on experiences not only allow children to enjoy tasty results but also help them build valuable kitchen skills, teamwork, and confidence.

Over in the **construction zone**, the children have been busy engineering impressive structures using building blocks and recycled materials. These projects encourage problem-solving, creativity, and collaboration as they plan, design, and build together.

The **craft corner** has also been a hive of creativity, with plenty of art supplies available for the children to design and create their own masterpieces. It's wonderful to see them take pride in their creations and express their individuality through art.

We have some **exciting events coming up** as well. On **Friday, 31 October**, we'll be recognising **Day for Daniel**, focusing on child safety and awareness. Everyone is encouraged to wear **red** to show their support for this important cause. Also on **Friday, 31 October**, we'll be celebrating **Halloween** with spooky-themed games, crafts. This will be lots of fun!

Our OSHC program continues to provide a **fun, safe, and enriching environment** where every child can learn new skills, express their creativity, and shine brightly. We're so proud of the enthusiasm and imagination our children bring to every session, and we look forward to more wonderful experiences together.

Kind regards,

Michelle Russell
